

Trying to compile data from multiple vendors all using different formats into one usable report that works for you is probably as quick and easy as stuffing an elephant into a locker!

**Why suffer? Now you can easily implement a new automated system or dramatically enhance your current wholesale reporting process.**

We're not telling you anything you don't already know or haven't thought of yet. In fact, it doesn't surprise us to hear that you've searched endlessly for a solution to automate this process only to come up empty handed - that's because a solution has never really existed - that is until now...

We embraced the challenge to fulfill a need most buying groups have struggled with for a very long time. And we're proud to say we've succeeded.

---

**WhitestoneTEC™ delivers a flexible and easy-to-use solution for automating and managing your wholesale data reporting. Yes, we've tackled the elephant so you no longer have to!**

---

*What do you do?*

**Take another look!**

As a leading provider of technology empowered e-commerce WhitestoneTEC™ knows that whether you're implementing a new process or enhancing an existing system somewhere in between "box" and "custom" is the perfect tailored solution for your business.

Furthermore, our tailored Software-as-a-Service (SaaS) solutions offer significant IT cost savings by eliminating capital and reducing operational expenses associated with the purchase and maintenance of expensive network hardware and on-premise software as well as the IT resources needed to monitor and update them.

With a WhitestoneTEC™ solution you'll never worry about expensive and manual updates that often present the risk of system failure because WhitestoneTEC's™ tailored SaaS solutions provide you with NO-COST system updates automatically!

## PRODUCT FEATURES

**Automatic full reconciliation (data normalization) and data compilation**

**Detailed ad hoc reporting capabilities. Quickly measure, compare and evaluate global sales activities on a multitude of levels such as; nationally, regionally, by group, division or by individual member.**

**Easily integrates with your existing systems**

### Automate!

Say hello to WhitestoneTEC's™ powerful Wholesale Data Manager. Wholesale Data Manager delivers further enhancement and automation to your current Wholesale data reporting process.

WhitestoneTEC's™ powerful (yet easy to use) Wholesale Data Manager provides you with full reconciliation (data normalization), compilation and flexible reporting of your data delivering you the critical information you need now, in a format you can use. Empower yourself with the ability to generate detailed ad-hoc reports from the wholesale data your vendors are sending you regardless of the format or number of different formats you receive.

### Integrate without a hitch!

WhitestoneTEC's™ proven SaaS solutions are tailored to meet your specific needs and completely integrate with any existing systems you may already have. Robust and feature rich the Wholesale Data Manager application adds new levels of automation compiling and reporting your wholesale data.

**Wholesale Data Manager gives you visibility and allows you to monitor how you're doing now as opposed to waiting see how you did later!**

### Harness the power of knowledge!

Implementing WhitestoneTEC's™ Wholesale Data Manager provides you with unprecedented visibility and synchronization of essential information regarding your wholesale data reporting throughout the purchasing process. Wholesale Data Manager gives you the ability to run reports when you need them. You no longer have to wait until vendors send you information to see how you did instead you can now monitor how you're doing!

### A little bit of SaaS goes a long way!

WhitestoneTEC™ raises the bar for SaaS solutions by eliminating the worry of integrating our solutions with your current systems. We deliver powerful tailored applications that enhance and further automate your commerce processes.

Whether you're using on-premise applications, third-party solutions or cloud services WhitestoneTEC's™ SaaS solutions provide rapid deployment and proven results whatever your requirements are.

Our applications are tailored to meet your and your vendor's specific business rules and needs. Implementing a tailored WhitestoneTEC™ SaaS solution means you and your vendors never have to change the way you do business!
